ACCUMARK 3D

Accelerate development.
Increase efficiency.
Collaborate globally.

FOR DECADES, THE WORLD'S LEADING APPAREL BRANDS AND MANUFACTURERS HAVE RELIED ON GERBER TECHNOLOGY'S INNOVATIVE ACCUMARK® PATTERN DESIGN, GRADING, MARKER MAKING, AND PRODUCTION PLANNING SOFTWARE TO SATISFY THEIR MOST DEMANDING PRODUCTION REQUIREMENTS.

ACCUMARK'S POWERFUL QUALITY CONTROL, COMMUNICATION AND TIME-SAVING FUNCTIONS HELP BRAND OWNERS AND MANUFACTURERS MAXIMIZE PRODUCTIVITY, MINIMIZE WASTE AND MAINTAIN STRICT BRAND GUIDELINES.

ACCUMARK 3D TAKES THIS TIME-TESTED SOFTWARE TO A WHOLE NEW DIMENSION, ENABLING YOU TO UNLEASH YOUR CREATIVE VISION, ACCELERATE YOUR DESIGN PROCESS AND PROMOTE GLOBAL COLLABORATION.

Unleash creativity.

- Bring a whole new level of imagination and creativity to your design department
- Enable designers to see their designs in a realistic, 3D format, rather than as 2D sketches
- Combine the latest in 3D rendering technology with proven pattern design software
- Let designers share their 3D images for greater synergies
- Allow designers to generate better and more diverse design ideas

Increase efficiency.

- The AccuMark 3D interface is intuitive and easy to use
- Reduce design cycle times and create more styles in less time
- It's an AccuMark program, so you can quickly integrate it into your workflow
- Meet tighter deadlines by creating true-to-life virtual samples
- Leverage virtual sampling to improve the design process

Improve collaboration.

- Share designs and virtual samples on a global basis
- Enhance communication with colleagues and partners
- Promote interaction and teamwork among designers
- Be much more responsive to your customers' needs

Save time and money.

- Deliver a higher quality product at a better cost
- Attain greater control of the entire design process
- Eliminate time-consuming manual fittings and refittings, as well as costly remakes
- Reduce your time to market by providing realistic digital renderings of your design from concept to finished product
- Gain efficiencies through integration with the AccuMark suite, as well as YuniquePLM™

Windows® 7, 8, 8.1 hardware requirements:

- The system must meet the minimum hardware requirements set by Microsoft® for the operating system and the following:

For use with AccuMark 3D	
	Recommended
Processor Speed	Intel® Core™ i7 2400 3.1 GHz or higher
System Type	64-bit OS
Hard Disk Capacity	230+ GB
Memory	16 GB
Service Packs	Current
Graphics Card	Open GL Compatible

Additional requirements:

- All operating system updates must be installed.
  - On Windows 7 systems, go to the Start Menu, Select All Programs followed by Windows Update then Install Updates. Note that this requires an Internet connection.
- A Solid State Drive (SSD)
- An open GL compatible graphics card such as the Nvidia Quadro K1000M or better.
